DEPARTMENT OF ENGLISH BRIDGE COURSE (2022-2023)

English Language Bridge Course for Degree students

The bridge course is a basic module designed to facilitate students to become conversant in English Language. This helps them to understand and speak English. It is mainly designed to fulfill the needs of the students coming from non English speaking background.

Course Organizers: Faculty of the Dept. of English, DNR College.

Course Duration: 6 weeks

Course Objectives:-

1. To satisfy the academic requirement of understanding the language of English in various linguistic aspects associated with several branches of Arts and Sciences.
2. To give a broad perspective to the students to identify the need of the language in their practical use.
3. This curriculum aims at developing the functional and communicative abilities of the students in English by enabling them in proficiency in English.

Course Outcome:-

1. Students will extend their abilities to understand the structure of language and correctness of usage of language.
2. Students will extend their abilities to produce correct syntax.
3. Students will extend their abilities to acquire oral and written language competence.
4. Confidence level, language competence

Course Organization:-

List of Activities

Sr.No.	Type of Activity	Duration Hours
1	Self Introduction	2
2	Vocabulary and Grammar Task 1	4
3	Phonetics – Spoken Practice in Relevant Context	4
4	Role play and activities	4
5	Reading skills and activities	4
6	Writing skills and activities	4

Course Planning:-

Week 1-2:

Breaking the ice with self introduction activities; revision of essential grammatical concepts like Tense, Conditionals, Concord, voice, Prepositions and Clauses supported by related activities mentioned below.

Week 3:

Word Power: Introduction of Vocabulary along with related vocabulary tasks and activities.

Week 4-5:

Introduction to Vowels and Consonants, Vowel Glides and practice in Phonetic Transcription followed by Spoken Practice of words and sentences in relevant context.

Week 6:

Evaluation of the students.

After completion of Bridge Course students are expected to know about:-

Application of

- Basic Grammar topics
- Vocabulary
- Correct pronunciation of words and sentences
- Usage of dictionary reading
- Basic conversation Practice

Evaluation Scheme:-

- Presentation cum seminar work done by the students in groups followed by group discussion.
- Paper based MCQ test.

References Books:

1. Word Power made Easy – Norman Lewis.
2. Spoken English: A Manual of Speech and Phonetics, Bansal R K and Harrison J B, Orient Blackswan Private Limited.
3. Murphy R Murphy's English Grammar, Cambridge, Cambridge University Press
4. Course in English Phonetics, Kansakar T R, Chennai, Orient Longman Limited
5. Better English Pronunciation, O'Conner J D, Cambridge University Press

Outcomes of the course:

The course was conducted successfully with the collective efforts of the faculty of the department of English. There was marked improvement in the students' performance. The shy and hesitant students became active participants. They acquired basic vocabulary, grammar, pronunciation, and through practice improved their basic speaking and writing aspects in English language. They were well motivated and geared up to make progressive strides in their academic pursuits.

They were confident of using English language and were looking forward to enhance their LSRW skills as they progress in their academic journey.

Bridge course question paper

Department of English

2022-2023

1. I saw ----- one-eyed man yesterday.
2. She wants to become ----- M.L.A.
3. ----- English defeated the Germans.
4. ----- summer is a hot season
5. Dogs ----- (be) faithful animals.
6. Do you ----- (play) cricket?
7. I ----- (consult) my doctor tomorrow. 28. Summer ----- (start) in the month of March.
9. My cousin ----- (have) 2 sons.
10. Where is ----- refrigerator ?

11. By the end of this September, she ____ in this organisation for thirteen years.

Will work

Had been working

Will have been working

Will be working

12. Nancy and Princy ____ to our house to play the treasure hunt with us.

Will have been coming

Had been to come

Are coming

Come

13. The flight ____ before we reach the airport.

Will have taken off

Has taken off

Is taking off

Was taking off

14. I have just ____ a typewriter and I ____ typing recently.

Have been hiring, have been learning

Hired, have learned

Had hired, am learning

Have been hired, had been learning

15. Mother ____ me to watch time and return soon, I replied, Please don't worry, if ____ late tonight.

Is asking, I will be

Asked, I am

Had been asking, be

Had asked, I will be

16. If she ____ late just one more time the manager ____ suspend her.

Is arriving, is going to

Will be arriving, would

Arrives, will

Is going to arrive, would have

17. Prasoona ____ for Bangalore early and he must ____ by this time.

Leave, have been reaching

Left, have reached

Had left, be reaching

Left, have been reached

18. No, Rama is not at home, He ____ just ____ for shopping

had, gone

has, gone

was, going

will have, be going

19. It is clearly ____ 'passengers ____ to smoke in the train', still, they ____ ignorant.

Written, are not allowed, are being

Written, was not allowed, be

Wrote, do not allow, are been

Written, are not allowing, are been

20. They ____ a football match in the evening. What ____ you do?

Were playing, do

- Played, did
 Have played, —
 Are playing, will
 21. Sheren ____ what you meant. Please explain it to her again.
 Don't understand
 Didn't understand
 Doesn't understand
 Hadn't understand
 22. How many cups of tea ____ yesterday?
 Did you drink
 Do you drink
 You have drank
 You were drinking
 23. She shall ____ your ice-cream parlour soon because she ____ ice-cream.
 Be visiting, like
 Visit, likes
 Have been visiting, is liking
 Visiting, like

DEPARTMENT OF ECONOMICS (UG)

BRIDGE COURSE

SYLLABUS

UNIT-I: Nature, definitions and scope of Economics - Micro and Macro Economics - Positive and Normative economics - Partial and General equilibrium.

Unit- II: Consumption – Utility - cardinal and ordinal utilities, Total utility, Marginal utility- Consumer Surplus - Demand and Supply - Production – production function, Distribution - Rent, Wage, Interest, Profit.

Unit-III: Costs - fixed cost and variable cost, short-run costs and long-run costs; Revenue – Revenue curves under perfect competition and imperfect competition - Break-even analysis - Markets - Perfect competition, Monopoly, Discriminating Monopoly, Monopolistic Competition, Duopoly, Oligopoly - normal profit, abnormal profit, loss.

Unit-IV: National Income –GNP, NNP, GDP, NDP, Personal Income, Disposable Income, Per capita Income - Trade cycles - Inflation – Barter system - Money - functions of money, Banking - Commercial Banks, Central bank - Stock Market - Shares and Debentures, Primary and Secondary markets - Insurance - Life insurance and General insurance.

Unit-V: Economic Growth and Economic Development - Balanced and Unbalanced growth strategies, Sustainable Development, PQLI, HDI, Poverty and Unemployment - Liberalization, Privatization and Globalization.

D.N.R.(A) College, Bhimavaram

Bridge Course

Continuous Assessment Test

Time: 1 Hour

Max. Marks: 20

Answer the following Questions.

10x2 = 20 Marks.

1. Macro Economics
2. Normative Economics
3. Production function
4. fixed cost
5. Monopolistic Competition
6. Trade cycles
7. Barter system
8. Economic Development
9. Sustainable Development
10. Globalisation.

mentees' meeting notice

Mentor : V.A.S. Sridevi, Department of Economics

Notice : All the mentees personally meet me in the department on July 10th 2024, 4:30 PM, to discuss about personal and any college related issues.

Agenda

1. Personal Problems
2. Seminar Participation
3. facilities available in the college
4. Co-Curricular and extra curricular activities
5. Decision on Parents meeting

Resolution

1. Personal guidance has been given the issues raised by students Personal Problems
2. Motivating all students to participate in students seminars
3. Providing knowledge on the facilities about in the college and our department
4. Students are encouraged to participation in co-curricular activities, like seminars, Quiz, peer learning, group learning like NSS, NCC, sports and social awareness programmes.

Department of Biotechnology

Syllabus of Bridge course (Duration 10 hrs)

UNIT - I

- What is Biotechnology? The scientific approach in Biotechnology, Definition of Biotechnology.

UNIT - II

- Historical Perspectives in Biotechnology, Branches of Biotechnology, Scope of Biotechnology.
- Biotechnology and its importance to society.

UNIT -III

- Definition of Eukaryotes and prokaryotes, Cell, Cell Organelles, DNA, RNA, Gene, chromosomes, Plasmids, Vectors.
- Photosynthesis, Respiration, Biotechnology tools.

UNIT -IV

- Instruments of Biotechnology Laboratories (Microscope, Hot air oven, Autoclave , Laminar air flow , Centrifuge , Calorimeter).

BRIDGE COURSE

Topic- BASIC PRINCIPLES OF ELECTRONICS

Duration: 15Hours

Chapter-1:

Tools: Bread Board, Digital Millimeter, Battery Holders, Test Leads, Wire Cutter, Connecting Wires, Precision Screw Driver Set, Jumper Wires, LED, Switch.

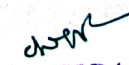

Components: Passive Components (Resistor, Capacitor, Inductor), Active Components (Transistors, Op-Amps etc).

Chapter-2:

Measuring Instruments: Digital Millimeters, Power supplies, Voltage Sources & Current Sources, Oscilloscopes, Function Generators.

Circuit Design: Open loop circuits, Closed Loop Circuits, Measuring the Voltage & Current, Total Value of the Resistors, Capacitors, Inductors (In series & Parallel combinations),(solving of Problems).

DEPARTMENT OF GEOLOGY

SYLLUBUS OF BRIDGE COURSE (Duration – 10hrs)

A Path to Geology

What is Geology? Why Study Geology? The Scientific Approach in Geology, Definition of Geology, Nature of Geology, The Place of Geology among Natural Sciences, Basic Assumptions of Geology.

Historical Perspectives in Geology:-(a) Foreign (b) Indian.

Modern Perspectives in Geology Relation of geology to other sciences.

Branches of Geology

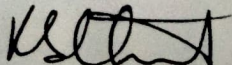

- A. Branches based on Subject Matter: (a) Physical (b) Historical
- B. Branches based on Application

Scope of Geology, The challenging task of the geologist, Tools of the Geologist, Geology as a Profession.

Geology and it's important to society.

Basic discussion on following topics like:

- Why are mountains and ocean basins?
- Why are there earthquakes and volcanoes, and can we predict them?
- Why does Earth have an oxygen-rich atmosphere why is there life on Earth, and how has it evolved over geologic time?
- How did the water and salts get in the ocean?
- How and why has climate changed over geologic time, and how is it likely to change in the future?
- How do mineral and energy resources form, why are they located in particular parts of the planet?
- What causes the major extinctions of life forms?
- How do humans impact the Earth?

SOLID GEOMETRY

Introduction to coordinate geometry (Two dimensional)

Coordinates of a point in a plane, Distance between two points, Locus, Straight line, General equation of a straight line, Different forms of straight line, Slope of a straight line, Perpendicular distance of a point from a straight line, image of a point about a straight line, Straight line making intercepts on the coordinate axes, Equation of straight line parallel to a given straight line, Equation of straight line perpendicular to a given straight line, angle between straight lines, Pair of straight lines, Equation of pair of straight lines

Circle-centre, radius of a circle, equation of a circle, general form, parametric equation of a circle

DIFFERENTIAL EQUATIONS

Introduction to calculus, Differentiation, Integration

Few formulae of differentiation, integration, Solving methods

Differential equation, Ordinary differential equation, Partial differential equation

Order of a differential equation, degree of a differential equation

Formation of a differential equation, Solution of a differential equation, General solution of a differential equation, Partial solution of a differential equation, Singular solution of a differential equation

Differential equation of first order and first degree, Variable separable method, Homogeneous differential equation, Solving method, Equations reducible to homogeneous form, Solving method

Bridge course syllabus for 2022-2023 Batch

- Topic I :- Origin of life, Discovery of microorganisms, Germ theory of diseases. → 2 hrs
- Topic II :- Brief account of special groups of bacteria, Archeobacteria, mycoplasma, cyanobacteria → 2 hrs
- Topic III :- General characters of viruses, structure of TMV, T₄ & viroids → 1 hrs
- Topic IV :- Fungi, lichens: General characteristics of fungi, Classification of fungi, life cycle. Lichens :- Introduction of lichens, structure & Types of lichens, Ecological and Economic importance. → 2 hrs.
- Topic - V :- General characteristics of Algae, pigments, flagella and reserve food materials. → 2 hrs.

[MODEL QUESTION PAPER]

Examination at The End of Bridge Course.

- Sub :- BOTANY Max. Marks :- 25
- Class :- I Year (B7c) Max. Time :- 1 Hr
- I. Write the following Essay Question. 1 x 10 = 10M
1. Explain the Discovery of Microorganisms → (10 M)
- II. Write the following short Answer type of Question
2. Archaeobacteria
 3. Importance of Fungi in Food chemistry
- III. Write Very Short Answers.
4. Green Theory.
 5. Mycoplasma
 6. TMV
 7. Algae Definition
 8. Fungi Definition.

MCA-20110 - BRIDGE COURSE
(For General B.Sc/B.A./B.Com Students)
FUNDAMENTALS OF COMPUTERS

Theory: 3 Hrs/Week

Internal: 25 Marks

External: 75 Marks

Credits: 4

Total: 100 Marks

UNIT I

Introduction to Computers: History of Computers, Central processing unit, Characteristics and limitations of computer, Types of Computers, Types of memories. Block diagram of Computer, Peripheral Devices: Input, Output and storage, Input devices, Output devices, Secondary devices, Communication between the CPU and Input/ Output devices. Software: Types of software. Number Systems (Binary, Octal, Hexadecimal).

UNIT-II

Operating System: Introduction to OS, Types of OS, Functions of OS, Evolution of Operating Systems - Simple Batch, Multi programmed, time-shared, Parallel, Distributed Systems, Real-Time Systems. MSDOS Internal Commands: chdir, cls, path, prompt, label, ver, vol, echo, set. External Commands: scandisk, discopy, diskcomp, format, backup, restore, Operating System installation steps.

MS-Office Tools (Word, Excel & PowerPoint): Introduction of Word Processing, MSWord: Creating, Editing, printing, page formatting, inserting tables, pictures, Mail Merge. MS Excel: Introduction to spreadsheet, creating, formatting, printing, usage of formulae, Graphs of worksheets. MS PowerPoint: Creating a presentation with designs and animations.

UNIT III

Computer Networks: Introduction to computer Networks, Network topologies -Bus topology, star topology, Ring topology, Mesh topology, Hybrid topology. Types of Networks:Local area Network, Wide Area Networks, Metropolitan Networks, Campus/ Corporate Area Network, Personal Area Network. Network Devices: Hub, Repeater, Switch, Bridge, Router, Gateway, Network interface Card.

Introduction to Internet: Web Browsers, Searching and Surfing, Creating an E-Mail account, sending and receiving E-Mails. Web Browsers, Searching and Surfing, Creating an E-Mail account, sending and receiving E-Mails.

UNIT IV

Problem Solving and Programming: Algorithm development, Flowcharts, Looping, some programming features, Pseudo code, Structured Programming concepts.

Programming Languages: Machine Language and assembly language, high-level and low level languages, Assemblers, Compilers and Interpreters.

TEXT BOOKS:

1. An Introduction to Computer studies –Noel Kalicharan-Cambridge.
2. Fundamentals of Computers –ReemaThareja-Oxford higher education.
3. Silberschatz, Galvin and Gagne, “Operating Systems Concepts”, Wiley.
4. Computer Networks: Tannenbaum.

REFERENCE BOOKS:

1. Peter Norton_s, Introduction to Computers, Tata McGraw Hill.
2. Computer Fundamentals, Anita Goel, Pearson Education, 2017.

The Bridge course titled "Comp Fundamentals of computers" is conducted for the students of MCA during the period of _____ by P. Mouni Ka lecturer, MCA Department D.N.R college.

Topics

1. Introduction to computers
2. Operating System
3. MS-Office tools (Word, Exce & Power Point)
4. Computer Networks
5. Introduction to Internet
6. Problem solving and programming
7. Programming languages.

No. of students attended: 19.

DANTULURI NARAYANA RAJU COLLEGE (A), BHIMAVARAM
(Affiliated to Adikavi Nannayya University, Rajamahendravaram)
Department: Mathematics, PG Courses.

Paper: M 101, Algebra – 1

Conducted bridge course classes for the following students of I year M.Sc. (Mathematics) during semester – I of Academic year 2022 – 23, in the following topics

S. No	Regd. No.	Name of the Student
1	225101	DHARANIPRAGADA SATVIKA,
2	225102	DUSANAPUDI LAVANYA ,
3	225103	GRANDHI LAXMI PRASANNA,
4	225104	JAMA REVATHI DEVI,
5	225105	KUNUKU BALAJI,
6	225106	PYDIKONDALA LAVANYA KRISHNA SAGARI,
7	225107	THOTA YESU MADHU SRI,

Topics: Sets, Set inclusion, Venn diagrams, Basic operations, Relations, Types of relations, examples, Functions, Types of functions, examples. Binary operations, Algebraic structure, Semi groups, Monoids, Groups, Order of an element of a group. Subgroups. Cosets and Lagrange's theorem, Normal Subgroups.

Paper: M 102, Real Analysis – 1

Conducted bridge course classes for the following students of I year M.Sc. (Mathematics) during semester – I of Academic year 2022 – 23, in the following topics

S. No	Regd. No.	Name of the Student
1	225101	DHARANIPRAGADA SATVIKA,
2	225102	DUSANAPUDI LAVANYA ,
3	225103	GRANDHI LAXMI PRASANNA,
4	225104	JAMA REVATHI DEVI,
5	225105	KUNUKU BALAJI,
6	225106	PYDIKONDALA LAVANYA KRISHNA SAGARI,
7	225107	THOTA YESU MADHU SRI,

Topics: The set of Natural numbers and the principle of induction, Well-ordering principle, The set of Integers, The set of rational numbers, The set of irrational numbers, The extended real number system, Finite, Infinite subsets of \mathbb{R} and aggregate, Boundedness of subsets of \mathbb{R} - Upper bound, Least upper bound, Lower bound, Greatest lower bound. Sequences. Convergence of Sequences, Series.

DANTULURI NARAYANA RAJU COLLEGE (A), BHIMAVARAM
(Affiliated to Adilkavi Nannayya University, Rajamahendravaram)
Department: Mathematics, PG Courses.

Paper: M 303, Analytical Number Theory

Conducted bridge course classes for the following students of II year M.Sc. (Mathematics) during semester – III, of Academic year 2021 – 22, in the following topics

S. No	Regd. No	Name of Student
1	205101	BANDARU PRADEEP
2	205102	BHEESETTI SAI SRI
3	205103	DASARI VYSHNAVI NAGA BALA
4	205104	DENABOINA UDAY KIRAN
5	205105	G VIJAYADURGA
6	205106	IRRINKI HYMA
7	205107	JAMI NEELIMA
8	205108	KALIDINDI VIDYA DEVI
9	205109	KOLLUKULURI SRI RAJA HARSHITA
10	205110	LOLLA SOWJANYA
11	205111	MANDA CHANDINI
12	205112	MARREDDI PULLA RAO
13	205113	MUCHERLA DEVI
14	205114	NEREDIMILLI MARY
15	205115	PENUMATSA TEJASWINI
16	205116	PIPURI LAVANYA
17	205117	PONNADA JOHN
18	205118	PONNALA KEERTHI

Topics: The fundamental theorem of arithmetic, The principle of induction.
The Well-ordering principle, Divisibility, Properties
Greatest common divisor, Properties, Prime numbers- properties,
The series of reciprocals of primes, Euclidean algorithm
The greatest common divisor of more than two numbers.

1. Nature and importance of Quantitative techniques?

Nature of Quantitative techniques

Importance of Q.T.

1. Basis for Scientific analysis

With the increase in the complexity in modern business it is not possible to rely on the unscientific decision decisions. This provides scientific methods for tackling tackling various problems for modern business.

2. Tools for scientific analysis

Quantitative techniques provide the manager with a variety of tools from mathematics, statistics, economics and operation Research. These tools helps manager to provide more precise description and solution of the problem.

Solution for various Business Problems

Quantitative techniques provide solutions to various business problems. They can be used in production, marketing, inventory finance and other areas to find answers to various questions like "How the resources should be used in the production so that the profit is maximised. How to estimate the future demand of the commodity using regression analysis

Selection of a optimum Strategy

Using quantitative techniques it is possible to determine the optimum optimal strategy of a business or firm, i.e. facing competition from its rival. The techniques for determining the optimal strategy is dependent upon game theory

Facilitates the process of decision Making

Quantitative techniques provide a method of decision making in the face of uncertainty. These techniques are based upon decision theory.

2. Difference Between Median and Mode?

Median	Mode
<p>In statistics and probability theory. The median is the value separating the higher half from the lower half of a data sample.</p>	<p>Mode is the value that appears most often in a set of data values.</p>
<p>→ In the calculation of Median we ^{we} need to identify the median class of the given statistical data.</p>	<p>→ In evaluating mode we need to identify the modal class of from the given statistical data.</p>
<p>→ Calculation of median requires the cumulative frequencies</p>	<p>→ Mode calculation does not require the construction of cumulative frequency</p>
<p>→ Formula for Median is $L + \frac{\frac{N}{2} - f_0}{f} \times h$</p>	<p>→ Formula for mode evaluation is $L + \frac{f_1 - f_0}{2f_1 - f_0 - f_2} \times h$</p>
<p>where L is Lower boundary of the ^{median} modal class. f_0 is cumulative frequency preceding ^{median} modal class. f is frequency of the modal median class</p>	<p>where L is Lower boundary of the class interval of the modal class f_1 is the frequency of the modal class f_0 is the frequency above modal class f_2 is frequency below modal class</p>

Median

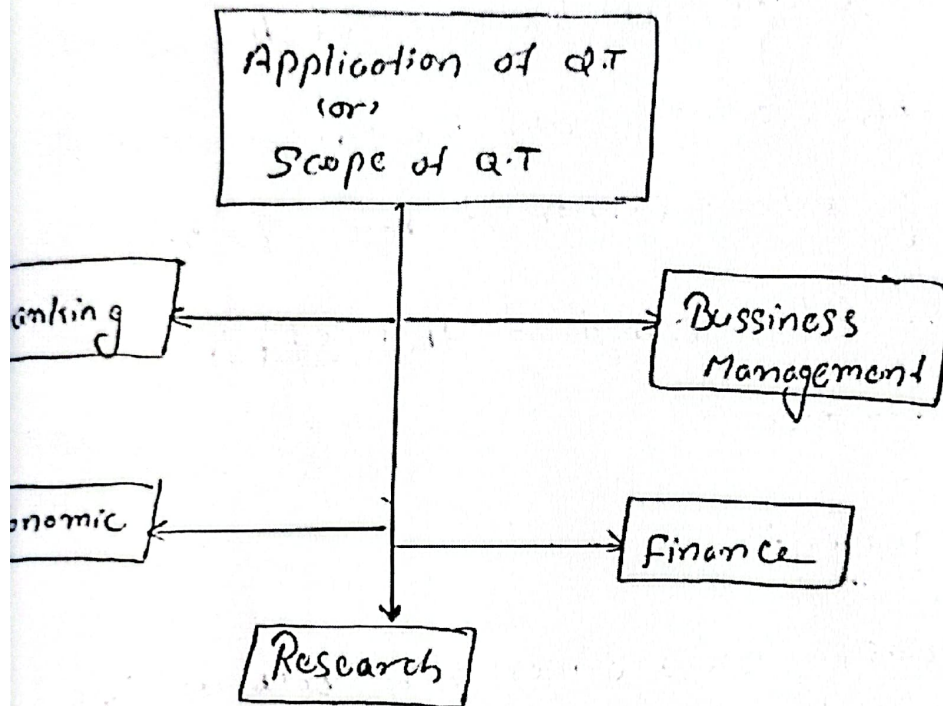

Median class in an problem decided on $\frac{N}{2}$ value.

Mode

4

Modal class in a problem is decided on the basis of the highest frequency value.

Application of Q.T.?

Banking - The study of Regression analysis to determining worthy loan application decision theory for choosing among alternative investments of sampling procedure for auditing accounts and of test of significance for testing to validate the business fairness and prediction would certainly help the management Regression analysis is even a desirable method for estimating deposit potential

5

Economics

Today there are no two opinions regarding the dictum that the development and growth of the economic science and economic doctrines should be inductively verified. Alfred Marshall, the renowned economist observes the role of the statistics in economics, thus statistics are the straws out of which like every other economist have to make bricks" Ronald A Fisher complaint that statistics is a branch of economics

Business Management

The ever increasing new dimension both in size and competition in the market. that activities of many business concerns are confined to local and outside i.e. different towns and cities other. after the dawn of industrial Revolution have made management a specialised job.

PRINCIPAL
D.N.R. COLLEGE
BHIMAVARAM

Research

Expanding for frontiers of human knowledge needs application of quantitative methods to derive accurate as well as precise inferences in fact, statistics is indispensable research studies

Types of correlation?

Correlation:- Correlation is defined as measure of extent to which two variables are related.

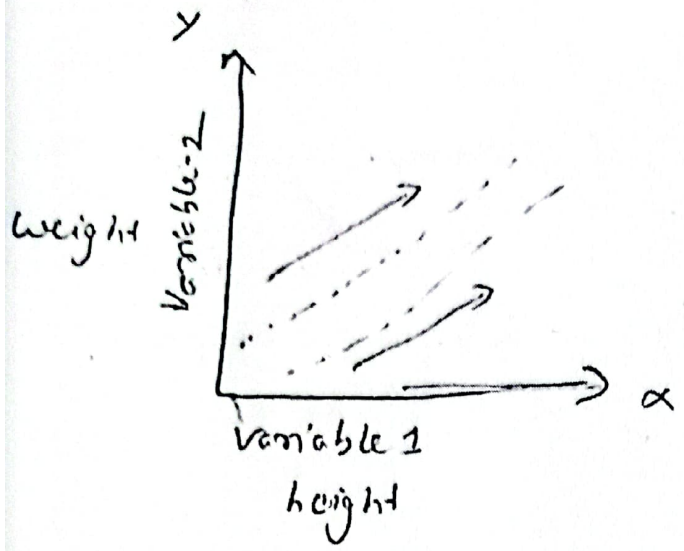

There are three possible result of a correlation study

1. Positive correlation
2. Negative correlation
3. No correlation or Zero correlation

Positive correlation:- Positive correlation is the relationship between two variables in which both variables move in same direction. Therefore, when one variable increases the other variable increases or one variable decreases the other variable also decreases.

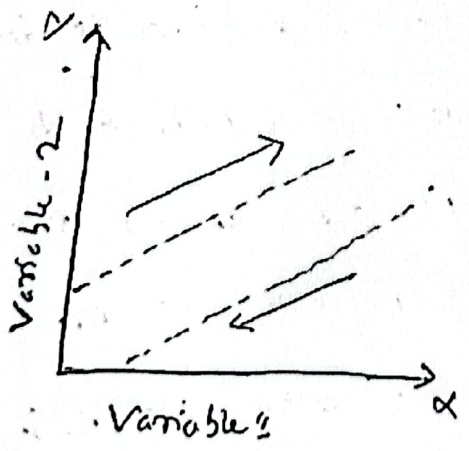

Example:- Positive correlation would be height and weight, Taller people tend to be heavier

Positive correlation

Negative correlation

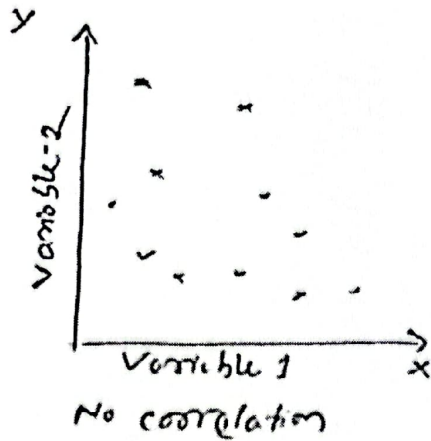

Negative correlation is a relationship between two variables in which an increase in one variable is associated with a decrease in other. An example of negative correlation would be height above sea level and temperature. As you climb the mountain (increase in height) it gets colder (decrease in temperature)

DATE
 PRINCIPAL
 D.N.R. COLLEGE

Zero correlation

Zero correlation exists when there is no relationship between two variables for example there is no relationship between the amount of tea drunk and level of intelligence

Explain the measure of central tendency?

Measure of Central Tendency

→ These are the very basic and important statistical measure

to interpret the given set of data.

→ Measure of central tendency is generally called as an average.

→ An average is a single value which represents the group of items or data.

10

- All the items resolve around the average so calculated or you can say average is the central value represented of the given data.
- And that is why Measure of central tendency is also known as measure of central locations.

Purpose of Measure of central tendency

- 1 Representation
- 2 Comparison
- 3 Analysis

Representation:- For example if the data of the students and marks of a particular subject is given. With the help of the average marks we can represent the marks of the whole class.

Comparison:- It is used in comparing two data sets. For example we have the marks of section A and marks of the section B of the students are given. So by calculating the average marks of the student of section A and average marks of the student of section B we will be able to

compare the marks of the two sections.

Analysis - After the comparison of data in the above example we can analyse that which section student performance was good.

Types of Measures of central Tendency

Mathematical Averages → ① Arithmetic means

- ② Geometric Mean
- ③ Harmonic means

ositional Averages { Median
Mode

asures of Dispersion

sometimes the averages of a particular data series fail to represent the individual items in the series because of variation in the individual items.

is is when the role of measure of dispersion comes into play.

measure of dispersion helps to study the variability

Items of frequency distribution

12

→ They represent upto what extent the individual items vary from one another and from the central value of averages

→ So, Dispersion is a measure of the variations of the items

1. Among themselves and

2. Around the average

→ Higher the variation higher the dispersion and viceversa

Purpose of Measure of Dispersion

1. To check the reliability of an averages

2. To make comparison regarding the variability of two or more data sets.

3. To facilitates other statistical calculations like Correlation, Regression etc

Types of Measure of Dispersion

1. Absolute Measures of Dispersion

2. Relative Measures of Dispersion.

~~date~~
PRINCIPAL
D.N.R. COLLEGE
BHIMAVAR

Alex

Absolute measures of dispersion

Expressed in the same unit as that of the data series like years, rupees, kg etc

Relative/Coefficient Measures of Dispersion

1. Expressed in the form of ratio or percentage.
2. used to compare two series with different units.-

Methods used in measures of dispersion

Range

Mean Deviation

Quartile Deviation

Coefficient of variation

Standard deviation

Relative measure of Dispersion

1. coefficient of variation

Absolute measure of dispersion.

1. Range
2. Mean deviation
3. Quartile deviation
4. Standard deviation

UNIT-1 ACCOUNTING FOR MANAGEMENT

Meaning of Management Accounting

Management Accounting is the presentation of accounting information to management in order to formulate the policies and assist in its day-to-day activities. In other words, it helps the management to perform all its functions including planning, organizing, staffing, directing and control.

Definition of Management Accounting

Institute of Cost and Management Accountants, London, has defined Management Accounting as, "the application of professional knowledge and skill in the preparation of accounting information in such a way as to assist management in the formulation of policies and in planning and control of the operation of the undertaking."

According to R.N Anthony, "Management Accounting is concerned with accounting information that is relevant to management."

Objectives of Management Accounting

Objectives of management accounting are as follows:

To present financial information to the management in a way that is easily understandable

To supply necessary data to the management for formulating future plans. The data includes statements pertaining to past results and estimates for the future.

To help in keeping the actual performance as per the plans made by the management.

To establish a strong, working relationship amongst different individuals pertaining to different departments, of the same organization.

To maximize the wealth of the organization

To motivate the employees, by fixing targets and providing incentives

To keep the tax burden of the organization minimum

To keep the management fully informed about the latest position of the organisation

Characteristics of Management Accounting

Mainly concerned with future : Planning is the process of looking ahead by taking the reference of the past. The process of management accounting is driven towards the future course of action with proper planning based on the analytical financial details of the past. It considers the budgets to forecast the future revenue and expenditure and inflow and outflow of funds.

Recent origin: Management accounting has been well recognized in the modern business houses due to increasing customer base and market complexity. Modern managerial decisions need much quantitative organized information rather than traditional form of financial statements for making effective decisions.

PRINCIPAL
D.N.R. COLLEGE
BHIMAVARAM

[Handwritten Signature]

3. Management need oriented: Management Accounting is highly personalized service and Subjective in nature. It is basically intended for the use of internal managerial decisions. It provides necessary information as per the need of the management in therequired format and ensures that the information's are sufficient to make effective decisions.

1. Information as per Management need: ^{Sub heading} There is no hard and fast rule in the preparation of management reports and statement) it always as per the situational requirement of the management and based on the availability of the data for analysis and interpretation.

Provides data and not the decisions: Management accounting discipline is not an replacement of management. It provides just information to the managerial decisions. It facilitates decisions since majority of the decisions are made considering the facts and figures provided by the management accountants. But at the same time these data itself cannot form the decisions of the management.

Objective oriented: Management accounting present data in such a way that it enables the management to formulate policies and programme so as to achieve the managerial or organizational goals in most efficient and effective manner.

Financial and cost accounting information: Management accounting is all about the analysis and interpretation of financial and cost accounting data, to generate such reports and statements which can prove useful to management in decision making.

Increases efficiency: Management accounting is concerned with providing the needed information to the Management in the proper manner and assisting in the policy formulation and managerial control. This enables the management to increase efficiency of its operation and ensures the optimum profits with minimum operational risk.

Apart from the above unique features Management Accounting is also characterized by the following:

a) It does not follow any fixed norms or formats.

b) Basically concerned with forecasting

c) Mainly used for Internal purpose.

d) Useful in managerial decision making.

e) It is not compulsory as the any other disciplines like financial accounting and cost accounting. It is purely optical to the management.

f) It is an interdisciplinary subject since it mainly depends on the financial and cost accounting of Management Accounting

Financial Accounting : Accounting is the process of systematic recording of financial transactions so as to determine the true and fair financial position of a concern.

Management accounting derives the necessary data from the financial accounting. For instance when fund flow statement or Ratio statement are to be prepared, financial statements are very essential without which the preparation and decision about fund flow and ratios are not possible.

Cost Accounting: Management accounting uses certain technique and tools of cost accounting as well, Cost accounting provides the various techniques of costing, viz, Marginal Costing, Standard Costing, Differential Cost Analysis etc. which plays significant role in the operation and control of the enterprise It assists management in measuring the operational efficiency of the management and achieving managerial goals.

3. **Budgetary Control:** Budgetary control is a system of controlling Costs thorough establishment of standards. It controls the activities of the business and measures the variance by comparing the actual with the budgeted figures and enquires into the reasons of such variance at each and every step, so that the adverse variance may not be repeated in future.

4. **Tax Planning:** It is concerned with the computation of taxable income according to Income- Tax Act, and filing of returns and the payment of tax. It is one of the core functions of the modern management accountant, facilitating management in proper tax planning and accounting.

5. **Analysis and Interpretation of Accounts:** Financial statement can be better understood through comparative study. The primary duty of the management accountant is to explain the data relating to the management and assist management in taking decisions.

6. **Reporting:** Management accounting uses the technique of statistics wherever necessary for effective analysis and interpretation. Sometimes reports on various aspects of the business are to be submitted by the management accountants. At the time of preparation of the statement or Repots, they use different statistical techniques, viz, Line Chart, Pie Chart, Index Numbers etc. in order to be more attractive and intelligible.

7. **Internal audit and control:** Management accountants depend on the internal audit and use that for generating reports on various financial issues for decision making.

8. **Budgetary Control:** Budgetary control is a system of controlling costs thorough establishment of standards. It controls the activities of the business and measures the variance by comparing the actual with the budgeted figures and enquires into the reasons of such variance at each and every step, so that the adverse variance may not be repeated in future.

9. **Tax Accounting :** It is concerned with the computation of taxable income as per Income Tax Act, and filing of returns and the payment of tax. It is one of the core functions of the modern management accountant, facilitating management in proper tax planning and accounting.

10. **Analysis and Interpretation of Accounts:** Financial statement can be better understood through comparative study. The primary duty of the management accountant is to explain the data relating to the management and assist management in taking decisions.

11. **Management Information System:** It is very difficult to imagine organisations without computers in the globalized corporate environment. (Information's are stored and supplied to the management with the help of computers for managerial decisions. The advancement in the technology has made management accountants job much easier)

tations of Management Accounting

1. Data Dependency

Management accounting derives information from Financial accounting, Cost accounting and other sources. So, the conclusions arrived at by management accountants depend to a large extent on the accuracy of these two (Financial accounting and Cost accounting) records.

Therefore, if the past data which are collected from the financial and cost records are found inaccurate, the decisions suggested by the management accountants, on the basis of the above, also

work
PRINCIPAL
D.N.R. COLLEGE
GUMMAVARAM

JKR

will be inaccurate.

2. Does not give the decision

Management accounting cannot replace the decisions. It can just assist the management in its operations through providing necessary analytical statements and advises management for better and efficient managerial functions.

3. Costly affair

Installation and maintenance of Management accounting system is suitable for those concerns which has significant amount of transactions generally large establishments. before, small concerns cannot afford to adopt this system.

4. No standardization as other disciplines

Management accounting is still in the development stage. So it has to face the problems fluidity of concepts, improvement of techniques etc. It does not have any strong principles like financial accounting and cost accounting. It does not follow any set rule and hence differs in its practices.

5. Danger of misleading

The information Provided by Management accountants cannot be taken as full proof information for making any managerial decisions. Because the data used by management accountants itself may have window dressed data due to which the management accounts may mislead the management.

6. Needs human involvement for interpretation:

window dressed data

Management accounting involves people to make final reports or interpretations, due to which the interpretation may be of the personal opinion of the person Who has prepared it.

It creates differences in the interpretations and becomes more subjective rather than objective in the analysis

Management Accounting and Management Process

Though management actions differ from organization to organization, they generally follow a four-stage management process. As illustrated at the beginning of this chapter and in the chapters that follow, the four stages of this process are:

1. Planning
2. Performing,
3. Evaluating, and
4. Communicating

Management accounting is essential in each stage of the process as managers make business decisions.

Planning

Diagram below shows the overall framework in which planning takes place. The overriding goal of a business is increase the value of the stakeholders' interest in the business. The goal specifies the business's end point, or final state. For example, Wal-Mart's end point is "to become the worldwide leader in retailing."

done
PRINCIPAL
D.N.R. COLLEGE
BHIMAVARAM

Yes

VISION: To increase the value of stakeholders' interest in business

MISSION: Fundamental way in which the company will achieve the goal of increasing stakeholders' value

STRATEGIC OBJECTIVES: Broad, long-term goals that determine the fundamental nature and direction of the business and that serve as a guide for decision making

TACTICAL OBJECTIVES: Mid-term goals for positioning the business to achieve its long-term strategies

OPERATING OBJECTIVES: Short-term goals that outline expectations for the performance of day-to-day operations

BUSINESS PLAN: A comprehensive statement of how the company will achieve its objectives

BUDGETS: Expressions of the business plan in financial terms

A company's mission statement describes the fundamental way in which the company will achieve its goal of increasing stakeholders' value. It also expresses the company's identity and unique character.

A mission statement is essential to the planning process, which must consider how to add value through strategic objectives, tactical objectives, and operating objectives.

Strategic objectives are broad, long-term goals that determine the fundamental nature and direction of a business and that serve as a guide for decision making. Strategic objectives involve such basic issues as what a company's main products or services will be, who its primary customers will be, and where it will operate.

Tactical objectives are mid-term goals that position an organization to achieve its long-term strategies. These objectives, which usually cover a three to five-year period, lay the groundwork for attaining the company's strategic objectives.

Operating objectives are short-term goals that outline expectations for the performance of day-to-day operations. Operating objectives link to performance targets and specify how success will be measured.

To develop strategic, tactical, and operating objectives, managers must formulate a business plan. A business plan is a comprehensive statement of how a company will achieve its objectives. It is usually expressed in

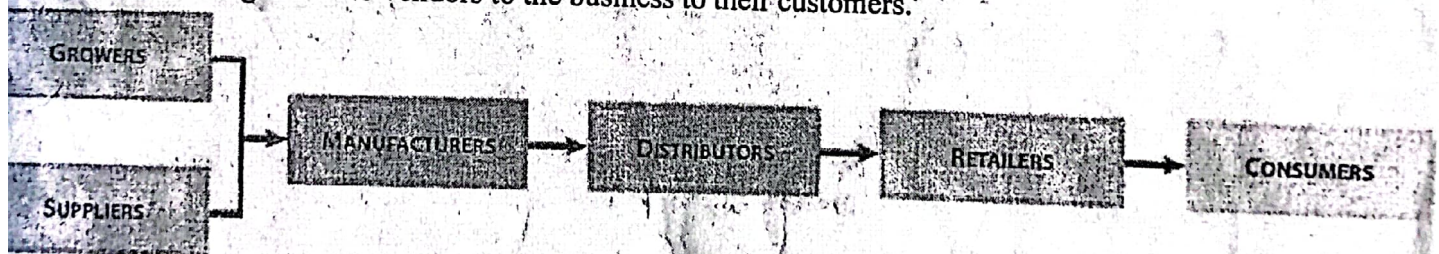

financial terms in the form of budgets, and it often includes performance goals for individuals, teams, products or services

Performing

Planning alone does not guarantee satisfactory operating results. Management must implement the business plan in ways that make optimal use of available resources in an ethical manner. Smooth operations require one or more of the following:

- Hiring and training personnel
- Matching human and technical resources to the work that must be done
- Purchasing or leasing facilities
- Maintaining an inventory of products for sale
- Identifying operating activities, or tasks, that minimize waste and improve the quality of products or services

Crucial to managing any retail business is a thorough understanding of its supply chain. The **supply chain** is the path that leads from the suppliers of the material to its final consumers. The supply chain expresses the links between businesses—growers to vendors to the business to their customers.

Evaluating

When managers evaluate operating results, they compare the organization's actual performance with the performance levels they established in the planning stage. They earmark any significant variations for further analysis so that they can correct the problems. If the problems are the result of a change in the organization's operating environment, the managers may revise the original objectives. Ideally, the adjustments made in the evaluation stage will improve the company's performance.

Communicating

Whether accounting reports are prepared for internal or external use, they must provide accurate information and clearly communicate this information to the reader. Inaccurate or confusing internal reports can have a negative effect on a company's operations. Full disclosure and transparency in financial statements issued to external parties is a basic concept of generally accepted accounting principles, and violation of this principle result in stiff penalties.

Handwritten initials

D.N.R. COLLEGE
BRUNAVADIA

Handwritten signature

The job of management accountant is limited to provision of required information in a comprehensive and suitable form to the management for decision-making purposes. But the actual decision-making power lies with the management. In other words, neither the management accountant nor the internal reports can make the decisions for the management.

Comparison between Cost Accounting and Management Accounting

	Cost Accounting	Management Accounting
	Basically executes the function of <u>identification and recording of cost and cost control in the operation.</u>	It basically assists management in <u>decision making</u> through providing necessary information.
Legal compulsions .	It is necessary to maintain cost records in a systematic way in certain manufacturing industries as per the notification of the notification	It is purely <u>optional</u> to management
	It is focused on cost identification and <u>cost control.</u>	It is focused on the effective decisions for optimum managerial <u>efficiency and objective attainment..</u>
Availability of the information	It is used by both internal as well as external parties.	Used by only <u>internal parties.</u>
Source of data	It derives certain data from financial records.	It derives data from <u>financial books, cost books</u> as well as certain other sources.
Scope and coverage	The scope of this discipline is limited to the extent of <u>cost recording and reporting</u>	The scope of this discipline is broader and covers <u>various aspects like finance, costing, taxation, audit and investments</u>
Tools and techniques	It follows well developed tools and techniques for identification and recording of cost.	It doesn't have well developed tools or technique.
