## EVENT REPORT

### Event Report: Environmental Awareness Programme

**Date:** 11-08-2021

**Time:** 10:00 A.M.

**Venue:** Komarada Village

Dr. B.S. Santha Kumari, Principal, inaugurated the Environmental Awareness Programme by emphasizing the critical need for environmental conservation and sustainability. She highlighted the escalating threats to the environment, such as pollution and climate change, and underscored the importance of collective action in addressing these challenges. The Principal urged students to become stewards of the environment and advocates for sustainable practices in their communities.

Students led a community clean-up drive in Prakasam Chowk, focusing on removing litter and debris from public spaces. The clean-up activity served as a hands-on demonstration of the importance of maintaining cleanliness and preserving the environment. Through their efforts, students raised awareness about the importance of responsible waste disposal and encouraged community members to take pride in keeping their surroundings clean.

As part of the programme, a tree plantation drive was organized to promote green spaces and combat deforestation. Students planted saplings in designated areas, contributing to the restoration of the local ecosystem and enhancing biodiversity. The tree plantation initiative symbolized the commitment of participants to environmental stewardship and served as a tangible step towards building a greener and more sustainable future. NSS Programme Coordinator Sri G. Milton expressed appreciation for the active participation and enthusiasm of students in the Environmental Awareness Programme. He commended their dedication to learning about environmental issues and taking concrete actions to protect the planet. The Coordinator reiterated the importance of collective efforts in safeguarding the environment and encouraged students to continue advocating for sustainable practices in their daily lives. He emphasized the NSS's commitment
