To foster all round development of a student, there is a need to strike a balance between syllabi- curriculum, co-curricular and extracurricular activities. Co-curricular activities give the students an opportunity to develop particular skills and exhibit their non-academic abilities. Extracurricular activities offer the students an opportunity to work with others and gain essential life skills.

Members of Students' council often serve on various committees, to represent the ideas and concerns of their fellow students. Students' council functions with reference to planning programs related to student interests, providing forum for students, hold discussions and helping to build and sustain a successful campus environment.
